# Be Creative Creators

We greatly encourage students to be creative creators. Our goal is to transform the thinking pattern of KISTians: To introduce our students to a world of wondrous ideas signifying man's achievements as they step into a productive future, the predictable challenges on the way, and the hope of a peaceful and unified world.

The novel idea – Are you an imagineer? – was introduced by us especially for the benefit of young scholars. As you might know, an imagineer is a person, probably somebody like many of you, who can skillfully devise and implement new or creative ideas by using scientific knowledge or technology. Imagineering, the implementing of creative ideas into practical form such as concrete projects or models, transforms negativity into optimism. This has a profound impact on young learners.

## Dreams Create Your Future!

### ACTIVITIES

- Intra-College Imagineering Competition – 3 February 2023

**CCAs**

# Expand Your Mind

CCAs shape the intellectuality, personality, and academic worth of a scholar. Co-curricular activities at KIST are a compulsory, and vital, bridge between your academic accomplishment and extracurricular activities. They boost social interaction, leadership, healthy recreation, self-confidence, self-discipline & scholasticism.

These activities definitely lead to higher academic results & stronger relationships. CCAs foster a sense of belonging to the institution resulting in a happy & cohesive community of learners prepared to cope with a tough world. Participants tend to lead healthier & more active lifestyles.

Modern education aims to foster all round development of a student – mentally, physically, morally, and socially. A co-curricular activity is an opportunity to cultivate the skills and non-academic abilities so a balance needs to be struck between the syllabus, curriculum & textbooks and directly related CCAs.

## Intellectual Engagement

**Arts & Crafts**

# Artistic Creativity

The College belongs to a land extremely rich in traditional arts and crafts. Education at KIST takes this salient feature of our national ethos into account. Moreover, arts and crafts are linked to the holistic upgrading of a student's mind, personality, and life-skills. Art is the blossoming of true, not artificial, education.

We let you exhibit your hidden talent by providing ample aesthetic opportunities. Art develops the creativity of most students. During this academic session, we organize different programmes in which interested students enthusiastically take part.

ECAs

# Be Healthy

Today, ECA records are carefully considered by admission officers in colleges or universities for placements including scholarships & by potential employers for job selection. We actively encourage student participation in ECAs so that our youngsters can tap, and display, their talents.

We wholeheartedly support all forms of traditional or emerging ECAs. This ensures personal growth. Curricular activities – studies – remain incomplete without extracurricular and co-curricular inputs. Consequently, varied ECAs are conducted throughout the year at KIST.

## Both Work and Play Matter

### Sports

# Competitive Spirit

KIST is extremely keen on sports and games as they hugely impact the overall development of students. We need to remember that sports and games make you fit and strong, energetic and quick, alert and fast to take on the challenges of a world where both speed and accuracy of the body and mind go hand-in-hand.

In importance, sports parallel education in life as physical fitness is extremely necessary for everyone, particularly youngsters. Healthy students can work hard and study well. You'd be delighted to know that some, or the other, sport-related activity is consequently a permanent fixture of the daily schedule of the College.

BE, IOE Pulchowk Campus

There are some temples of learning, where educators are like parents to us and where progress is striking. This college happens to be one. In my case, I got a mere B+ in SLC, moved up to an A in Grade XII, and finally cracked the BPKIHS entrance examination getting a prestigious scholarship: Honestly, all because of KIST. Success here is a tradition. Its environment is enchanting, benevolent, and positive. This institution is a real blessing to all aspiring students!

**Sahil Niraula**  
MBBS, BPKIHS Dharan

**Dikshit Pokhrel**

Every year lots of students pass the SEE and dream to get into reputed colleges. They believe that such institutions will nurture fine scholastic qualities in them and make them successful young people wherever they study or work. In addition, they wish to get opportunities of all sorts – co-curricular & extracurricular – normally available in the best colleges to enhance their life experience and develop their personalities.

In the same way, I too had such dreams, hopes, and expectations which were, astonishingly, all fulfilled at KIST. Belonging from an average family, I'd always wanted to get a scholarship to relieve my parents' financial burden and this wish too was fulfilled by the College. In fact, their scholarships are unique: Through manifold ways, they honour and encourage scholarship holders to achieve greater things!

**Sadmarg Thakur**

# Education is Life – Life is Education

## ■ Educational Approach

Our approach largely nurtures a rigorous yet engaging curriculum, inquiry-based teaching processes, and an institutional culture that inculcates compassion & responsibility in students as they grow into good citizens & top professionals. Such a purpose-oriented, integrated set-up greatly helps its functioning as a premier scholastic institution dedicated to its students as they march towards rewarding careers & lives that matter.

We support the provision of high quality education of the latest international standards carefully linked to the delivery of the university or national core curricula and to provide progressive academic inputs in keeping with a changing world alongside traditional pedagogy. KIST offers a matchless learning environment focused on students' learning goals.

## ■ Societal Context

In a societal sense, our learning environment caters to the culture of the population it serves and of their location, and we take care to identify our audience. As far as this cultural context goes, we are a multicultural community of students and education-related personnel. Our students come from many different cultures, and even countries. This inclusiveness reflects our global spirit & humanistic commitment.

We see to it that no student feels uncomfortable or unwanted here with us and that each one of them is treated with dignity, appropriateness, and decorum. Ladies and gentlemen study together in a community of the best-behaved youngsters our country offers. This is what we do; this is what we are.

## ■ Learning Environment

Once you're at KIST you'd soon realize that its educational approach is exceptional. We provide a 21st century learning environment – learner-centred backed by modern digital technology that is largely internet-based. It's the foundation for holistic individual development.

Our learning culture takes into account how students would prefer to interact and how teachers ought to facilitate learning. Positive discipline & pastoral care in an atmosphere of decency enrich the academic milieu that encourages active learning.

## ■ Teaching-Learning

Our pedagogy & learning styles incorporate blended learning & progressive education. They guide the operational characteristics of the instructors who do their best for the optimization of individual academic performance & development of top-class professionals here itself. Alongside wide-ranging co-curricular and extracurricular activities, we offer many vital professionally-relevant and futuristic activities enhancing the professional or career prospects of the student community.

The educational and organizational culture of the College is evident in its way of thinking, behaving, or working. Our practices and values guide, and unite, our educators, students, faculty, staff, and community. We support an excellent independent learning institution with a departmental organizational model that attracts high-calibre teachers. We offer safe, secure, and comfortable facilities to reinforce learning.

## ■ Physical Setting & Learning Spaces

Our soundly constructed purpose-oriented buildings & learning spaces play a strong role in effectively impacting student learning. The adjacent spaces, or the outdoor environment, of the College are superb. We overlook the picturesque Kamalpokhari and can enjoy its fresh, refreshing breeze. This aspect potentially improves health & well-being and fosters improvements in learning retention. Also, distant views of nature – the panorama of hills encircling Kathmandu – help relax eyes engaged in close work, such as on computer monitors. Though located downtown, KIST is undisturbed by the city hustle and bustle & heavy traffic.

Our well-organized infrastructure contains well-lit, ventilated, quiet classrooms and well-equipped laboratories that are reinforced by a well-stocked library that has also been digitalized and now performs quite a few functions of an e-library so necessary for virtual learning. There are sports courts and ample, uncluttered areas for students to utilize for academics, CCAs, and ECAs, and for the College to use for its varied, popular, regularly-held events. We do ensure that our learning spaces focus on developing 21st century skills & competencies to support the learning of core subjects.

# In Focus

We, as the KIST family, put our heart and soul into all such group or institutional activities at KIST. The main objective of popular events is to provide enjoyment – learning with fun – to students. Such exposure is the mainspring of a wide, generalized liberal education within which specialized focused professionalism is best embedded.

Youngsters here get together to show their talent and exchange their experiences. All opportunities are given to students to develop a sense of civilized socialization necessary for achieving the goal of progressive, global education along with building up a newer & richer Nepalese society.

## Memorable Valedictory

KIST College organized the Graduation and Farewell Programme for its graduates on 10 September 2022 for +2 Science & Management and 11 February 2023 for BBA, BIM, BIT, BBS, MBS, BSc & MSc Microbiology at the College premises. A delightful Cultural Programme regaled everyone!

A solemn yet warm valedictory, this programme offers keynote addresses by eminent academicians who highlight educational, career, and life prospects. The KIST Scholar Awards & Subject Topper Awards are given on this day to achievers.

## Orientation Programmes

In particular, these programmes held at the beginning of each academic session inform newly admitted students adequate information so as to fully utilize their time. Information about the rules & regulations and about the overall system makes students comfortable and familiar with the College environment. For us your welfare is uppermost!

Orientation Programmes inform students about why & how the subjects they have chosen are important in their educational life. They are also introduced en bloc to the faculty & staff. Different programmes are organized for +2 and graduate level students.

## Career Guidance Symposium

KIST College organized a Career Guidance Symposium on 3 March 2023 for Science stream and 8 March 2023 for Management stream students at its Conference Hall. Experts guide Grade XII students regarding career prospects.

## Talk Series: Learning, Motivation & Careers

Importantly, a series of talks is held every year on Learning, Motivation & Careers for Grade XII (Science & Management) & Bachelor-level students (BBA, BIM, BIT, BSc & BBS) to inspire them.

Students enjoy listening to enlightened minds. In fact, such talks are a regular feature at KIST.

## Teachers' Day Celebration

Respecting the guru – the teacher – is an integral part of our scholastic culture.

To celebrate this sacred occasion, KIST usually organizes cultural programmes at the College.

## PTMs for Student Success

PTMs are conducted thrice in an academic session on result publication days of the Terminal examinations of Grade XI & XII. Teachers, students, and parents or guardians interact to find out the strengths and weaknesses of each KIST student present and try to find quick, lasting, effective solutions to problems, small or big. Based on discussions, counselling is made available then or later.

Parental involvement is the key to assured student output. In addition to inviting parents and guardians frequently to informal meetings, sessions, events, get-togethers and feedback sittings, we focus on systematized Parent-Teacher Meetings at the College so that the youngsters can be guided fully and supported positively.

## Publications

# Encouraging Scholarship

Our publications are intended to support and activate student learning apart from disseminating knowledge to the student body at the College and in Nepal.

Our publications reflect KIST's clear-cut academic profile. These include KIST Newsletters and our magazine Outlook. Learned articles by experts give our Newsletters a professional flavour.

Noticeably, KIST Research Review, a scientific journal for original research articles & review papers, is another remarkable work being done by our Publication Division.
