

# KIST Outlook

A Mag for the Scholastic Community

Vol. 6 | Issue 1 | January 2021

## Redefining Professionalism Learning & Creative Careers

Today, your future in the world's swiftly changing knowledge economy depends on first-rate blended education – a hybrid of the physical and virtual, the traditional and the digital. We, at KIST, offer well-considered modes of alternative learning. Your success depends on where and with whom you study. We strengthen education through committed action and social learning by harnessing the power of the Internet. Your future is safe with us since we value teacher-student collaboration, and actively promote student participation through debate, engagement, and action including quarantine teaming.

What matters today is to realize that unprecedented global change is happening – climate change to socioeconomic transformation! To keep pace with rapid and significant changes – often difficult – in our lifestyles, and to utilize or to create new opportunities matters even more for us as individuals and as a species in danger . . . Clearly, you'll be able to continue and progress in your college studies, redefine your academic purpose, and discover a profitable professional pathway here. For we're a virtual college too which is complemented by a splendid physical set-up in central Kathmandu. A far-sighted and enduring educational institution, KIST has remained technologically up-to-date through e-learning, an absolute necessity now.

We support you fully to achieve your academic targets and career goals. What's more, we reward merit through scholarships while our facilities are most conducive to studies. Our first-rate inputs and focused mentoring reinforce learning and improve student performance. We offer special classes, tutorials, academic mentoring, and personal counseling. Our alert and effective management moulds the delivery – both online and offline – of qualitative higher-level education of international standards. Forever taking up challenges and shouldering its responsibilities, KIST, considered a top Kathmandu college for Bachelor's and Master's, is there to look after you . . .

We have a sound, pragmatic, state-of-the-art infrastructure, with a strong network supporting the latest IT inputs and needed resources for distance education in an era of social distancing. Our innovative teachers and well-trained staff can competently handle current problems – whether power outages, internet connectivity, software or hardware glitches, and satisfy your scholasticism online. Our accent on continuous connectivity, effective remote learning, and the latest knowledge and information through updated e-technology makes us into a truly modern college ever-modernizing and fit to cope with almost any emerging situation.

KIST students graduate most successfully with high grades. Our distinctive feature is that excellent +2 (Science/Management), Bachelor's, and Master's qualifications are ALL available at one institution for 1,800+ students cared for by 200 faculty and staff members. Our results at all levels win us public acclaim; our students invariably become University toppers. Notably, our results continuously improve with high GPAs and Percentages. Consequently, KIST alumni obtain fine placements and do well professionally everywhere. This is a set trend.

Our ethos is unique. Top-class education creates vitalizing intellectual transformation in our student learners. Ours is a College where things really happen for the good of all. As educators we execute the best-possible policy guidelines in the classrooms, whether physical or virtual, for real long-lasting impact. Significantly, ours are also the requisite standards for the new normal to cater, particularly, to Bachelor's and Master's levels. All this should further improve student accomplishment and personal growth in an environment friendly, peaceful, and safe.

***Pursue your dreams via world-class studies at KIST!***

***Change for the best is our tradition.***

## Science &amp; Technology

# SciTech & the Future

We are most keen to make the educated youth aware of the revolutionary soft-power of blended learning to manage praiseworthy goals in a scenario marked by ceaseless SciTech developments worldwide. We encourage an open-minded global outlook linked to a patriotic spirit.

We make use of available productive resources to enhance course knowledge so as to promote sustainability and thrift. Our scientific approach to education – Innovate & Advance – informed by international benchmarks is linked to our focus on practical learning.

Fascinatingly, campus life at KIST throughout the academic session is a flurry of extremely gainful SciTech activities. Such goings-on sustain student learning through persistent involvement in study, creation, and discovery.

KIST's Fourth Inter-College Science and Technology Project Exhibition & Competition, December 7, 2019 offered a vital chance to our bright students to prepare academically useful projects. The event was well-received sending ripples of encouragement to the student body of Kathmandu.

## Discover and invent, invent and discover

## ACTIVITIES

Participation – Inter-College Science Exhibition – Southwestern College, Basundhara, Kathmandu – 7 February 2020

Participation – Inter-College Science Exhibition – Trinity College, Dillibazar – 30 January 2020

Pharping Visit – Grade XII (Science-Physical Group) – 27 February 2020

Godawari Visit – Grade XII (Science-Biology Group) – 28 February 2020

## Society

# Serving Others

Just as you'd like to do, our students happily take the initiative when any social work is required. In reality, KIST students are known for their deep and sincere commitment to meaningful & proven social work. The KIST community believes in serving society, especially the needy including disadvantaged school children.

Since social responsibility is one of the main objectives of good education, we noticeably value social work. We forever motivate our more-than-willing, compassionate students to be involved in diverse social activities including environmental protection or animal care during each academic year. The explicit purpose of our Social Club is: Inspire; be inspired!

## Service above self

Management & Business

# Learn – Earn – Grow

Management accepts change, utilizes opportunities, and welcomes challenges. To manage a business well is to manage its present & future for continuing economic or social success. Our budding professionals or would-be entrepreneurs learn that making money ethically does make a difference.

Good management is the art of making business problems interesting and solvable. Business growth must be linked to a noble vision alongside positive & innovative thinking with the minimal ecological footprint. We offer a creative & ethical blend of Management and Business for sensitive youngsters.

## Opportunities in Challenges

Management

# Knowing for Doing

The College focuses on appreciating the breadth and depth of scientific knowledge applicable to management practice and its relevance to students' lives and progress. Informed decision-making, the key to professional managerial success, comes from the best available knowledge, and is utilized for your benefit.

We believe in pursuing managerial excellence so that our students can do really well later. KIST Management EXPOs are grand platforms to tap student talent & showcase institutional promise. They enable a right mix of theory & practice building up students' information base.

We nurture top entrepreneurial skills, and a sound work ethos. It is necessary for would-be professionals like you to develop a global perspective as you endeavour to choose specialized areas for studies for appropriate careers in order to assume leadership positions by innovative practice.

## Choosing the Right Way to Do Things!

Business

# A World of Business

We empower our students like you through ample exposure & the latest learning that this is a world of never-ending business with unimaginable opportunities present in everyday challenges or even risks. Accordingly, KIST's institutional activities focus on inculcating a sharp business sense in its students.

Professionals, you ought to know, succeed if they keep the business angle at the core of their approach: The purpose of a product, its promotion, and the customer. Today's knowledge economy is relentlessly money-driven, profit-inspired & production-based though increasingly influenced by ethically creative practice & environmentally sustainable action. Business success is all about thriving enterprises, small or big, home-based or firm-embedded, real or virtual.

## Innovative Marketing

## Information Technology

# Virtual Reality

Who can imagine a world without IT today? Indubitably, Information Technology is the highway into an unbelievably rich digital micro-universe. Drones, robots, and Artificial Intelligence are vital components of modern man's mindscape.

We conduct extremely practical IT project classes and workshops throughout the year to enhance professional knowledge and to create an assured base for student careers. This is where KIST is way ahead because of its magnificent IT set-up and the effective IT courses.

The moment you join an IT course at an esteemed institution like ours, you're certain to have a bright future since the demand for IT developers in the global market is high. Similarly, designing, development, network, database, system admin, or it marketing have a global scope and employability.

Unmistakably, the joy of being an IT student and making a fine career out of it is what the youth wants presently. Our practical approach sharpens the knowledge of our budding professionals and trains them through ample practice how to do IT tasks in a real-time environment.

## Digitize to Be Ahead

Workshop Project – BIM 3rd, 5th and 7th Semester – 30 November – 1 December 2019

Workshop – IOT – BIM 1st Semester – 19-21 December 2019

Workshop – Cloud Computing – BIM 5th and 7th Semester – 9-14 December 2019

# Be Creative Creators

We greatly encourage students to be creative creators. Our goal is to transform the thinking pattern of KISTians: To introduce our students to a world of wondrous ideas signifying man's achievements as they step into a productive future, the predictable challenges on the way, and the hope of a peaceful and unified world.

The novel idea – Are you an imagineer? – was introduced by us in the KIST Fair 2016 especially for the benefit of young scholars. As you might know, an imagineer is a person, probably somebody like many of you, who can skillfully devise and implement new or creative ideas by using scientific knowledge or technology. Imagineering, the implementing of creative ideas into practical form such as concrete projects or models, transforms negativity into optimism. This has a profound impact on young learners.

## Dreams Create Your Future!

### ACTIVITIES

Intra-College Imagineering Competition – 7 December 2019

CCAs

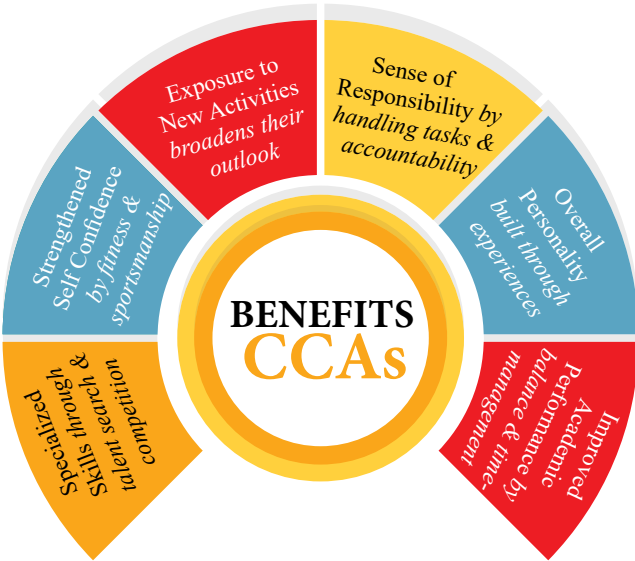

# Expand Your Mind

CCAs shape the intellectuality, personality, and academic worth of a scholar. Co-curricular activities at KIST are a compulsory, and vital, bridge between your academic accomplishment and extracurricular activities. They boost social interaction, leadership, healthy recreation, self-confidence, self-discipline & scholasticism.

These activities definitely lead to higher academic results & stronger relationships. CCAs foster a sense of belonging to the institution resulting in a happy & cohesive community of learners prepared to cope with a tough world. Participants tend to lead healthier & more active lifestyles.

Modern education aims to foster all round development of a student – mentally, physically, morally, and socially. A co-curricular activity is an opportunity to cultivate the skills and non-academic abilities so a balance needs to be struck between the syllabus, curriculum & textbooks and directly related CCAs.

## Intellectual Engagement

Arts & Crafts

# Artistic Creativity

The College belongs to a land extremely rich in traditional arts and crafts. Education at KIST takes this salient feature of our national ethos into account. Moreover, arts and crafts are linked to the holistic upgrading of a student's mind, personality, and life-skills. Art is the blossoming of true, not artificial, education.

We let you exhibit your hidden talent by providing ample aesthetic opportunities. Art develops the creativity of most students. During this academic session, we organize different programmes in which interested students enthusiastically take part.

## Dare to be – Dare to Create

### ACTIVITIES

- Inter-School Art and Craft Competition – KIST College, Kamalpokhari – 7 December 2019

## ECAs

# Be Healthy

Today, ECA records are carefully considered by admission officers in colleges or universities for placements including scholarships & by potential employers for job selection. We actively encourage student participation in ECAs so that our youngsters can tap, and display, their talents.

We wholeheartedly support all forms of traditional or emerging ECAs. This ensures personal growth. Curricular activities – studies – remain incomplete without extracurricular and co-curricular inputs. Consequently, varied ECAs are conducted throughout the year at KIST.

## Both Work and Play Matter

### Sports

# Competitive Spirit

KIST is extremely keen on sports and games as they hugely impact the overall development of students. We need to remember that sports and games make you fit and strong, energetic and quick, alert and fast to take on the challenges of a world where both speed and accuracy of the body and mind go hand-in-hand.

In importance, sports parallel education in life as physical fitness is extremely necessary for everyone, particularly youngsters. Healthy students can work hard and study well. You'd be delighted to know that some, or the other, sport-related activity is consequently a permanent fixture of the daily schedule of the College.

## A Spirit of Healthy Competition

## Literature

# Yet to be Written

We give special importance to literary work at the College, an institution that respects national heritage – literature is one such outstanding facet of Nepalese culture. We always encourage our students to get involved in literary writing. On occasions, we invite renowned literary figures to inspire you. Year round, we organize numerous literary programmes.

Read – Read – Read. Be anything. Go anywhere. No borders. Yes! Indeed. This is what KIST is all about. We cherish literature . . . Literary creation pictures society. It is truth and beauty at the same time. This is why Literature is the highest form of writing as an art or craft.

## Read – Know – Learn

# Testimony

The academic results of KIST students in Board and University examinations are among the best in the nation. Happily, this is also a proof of excellence of both authentic achievement and our rising levels of attainment.

All the academic focus at the College contributes to solid and continuous scholastic output. Student satisfaction and awareness is our key to notable academic accomplishment.

My education at KIST sharpened the required skills in my field of choice. Its teaching environment allows for definite scholastic development which makes this institution unique. Their across-the-board facilities are state-of-the-art, and the entire complex is ideal for personal growth.

**Samyojana Mahat**  
BBA 2nd Semester

This College offers a great curriculum for my chosen major. It has an enthusiastic college spirit and provides incomparable internship opportunities assisting business careers. Getting education from Kist College is an unmissable opportunity.

**Bimisha Shrestha**  
BBA 2nd Semester

Everybody needs a pull factor in life for success. For me it's Kist College! The right combination of knowledge from skilled teachers, an effective academic environment, and extracurricular activities create brilliant students here.

**Prakriti Pyakurel**  
BBA 4th Semester

The good learning environment, talented and dynamic teachers, well equipped and sophisticated labs, and student-friendly managerial strategies at this premier college changed my educational life. Now, I feel great to be a part of the KIST community.

**Sonuyesh Upreti**  
BIM 1st Sem TU Topper

Joining KIST College is an amazing experience full of learning and joy. The decision to choose KIST proves most worthwhile as it brings academic success. Thank you – KIST family – for your incredible support!

**Saroj Dangol**  
BIM 3rd Sem TU Topper  
SGPA 4.0

Top institutions can change lives forever: KIST did just that! Their education's expansive, practical learning with deep theoretical knowledge, so that it's not textbook-based or memorizing. We get to interact with IT professionals, and are trained to become qualified ourselves.

**Anu Prajapati**  
BIT 1st Semester

A good education's the greatest gift KIST college gives. It's one of the finest colleges for developing professional skills where I found teachers are really inspirational and responsive. The institution focuses on overall development, and makes us proud family members!

**Sushant Manandhar**  
BIT 3rd Semester

The special thing about KIST is its highly supportive personnel. They're always available to help students. With its great teaching alongside modern infrastructure, this is the best place to kick-start your IT career . . .

**Purushottam Shrestha**  
BIT 4th Semester

KIST provides pathways to build careers . . . Its support is the best possible since it's accompanied with much knowledge and varied opportunities. Its extraordinary people foster healthy competition, and its open-mindedness encourages students to grow into what they want to be.

**Sarwesh Maharjan**  
BIT 5th Semester

KIST College has an excellent environment for developing professional IT skills. Proficient tutors teach wonderfully and helpful instructors encourage much extra training. I'm happy with my choice and excited to finish BIT here!

**Sadikshya Shrestha**  
BIT 6th Semester

Do you want to focus on skills not just grades or marks? If you like to solve real-world problems through awesome projects, then KIST's perfect for you. They offer pragmatic options within the course, and teach different, exciting programming languages.

**Roshan Shrestha**  
BIT 7th Semester  
Presently, Associate Software Engineer – Leapfrog

Joining KIST is embarking on a remarkable journey of lifelong learning. Ever encouraging purposeful study, the College is geared to lasting academic accomplishment. The real experience here is emphasis on fostering professional knowledge and skills and acquiring career-related education.

**Jagina Shrestha**  
BBS TU Topper

Well-run, this College provides all the necessary equipment alongside teaching-learning techniques for getting ample theoretical knowledge and relevant practical experience. Its focused, studious environment encourages us to learn effectively. Extremely supportive, KIST Coordinators and Teachers are first-rate professional mentors.

**Sandesh Gurung**  
BBS 3rd Year

Strikingly, KIST encourages learning. We get numerous opportunities to learn, explore, and create, while teachers ensure everyone grows and thrives. Doing research-based microbiology here was the right decision, and now I have experiential knowledge to succeed in a competitive field.

**Serveshwor Pradhan**  
BSc 1st Year

The College changed me. Its extracurricular activities developed my personality, made me physically stronger, and built solid social bonds. I'd suggest that sincere students ought to have a look and seriously consider studying at this college. Surely, your life would improve considerably, and you'd succeed.

**Agya Pandey**  
BSc 3rd Year

Personally, I learned working smartly yet patiently on the pathway to success . . . KIST's environment is stimulating; we experience much professionally and attain required competencies. You will get the opportunity to get more and more knowledge so as to make a strong base for your future.

**Rabindra Pandit**  
BSc 4th Year

Surely, this institution has experienced administrators and highly-qualified teachers. Although this yields personal satisfaction, more importantly, the College motivates students by recognizing their attributes and building up their self-confidence. KIST nurtures professional skills, and helps us focus on our goals.

**Suraj Subedi**  
MSc 2nd Year

Doing my Master's at this amazing institution has made me proud! KIST is true to its motto, Commitment to Excellence, as it provides the best to students in education and ECAs. Its environment's great, and the faculty-cum-staff offer transformative opportunities.

**Ashma Shrestha**  
MSc 2nd Semester

Quality resources positively influence and shape students. The guidance at KIST is immensely useful while its superb environment is just what any wise person would choose! The College exudes a sense of intellectual honesty, and invariably fulfils all its promises.

**Gaurab Bhandari**  
MBS 1st Semester

KIST has highly effective administrators and experienced teachers forever ready to guide students to realize their goals. This preeminent College has a superb learning environment. Because of all that we gain here, it's an honour to be a KISTian!

**Muna Dahal**  
MBS 3rd Semester

Choosing KIST for Master's has been my finest decision. Truly, it opened doors of possibilities and avenues of hope in my career pathway. Specifically, my analytical calibre, critical abilities, and innovative skills got nurtured really well due to inputs.

**Bikesh Amatya**  
MBS 4th Semester

Supported by a dedicated faculty and excellent learning environment, BBA students here become highly self-motivated and independent professionals. KIST provides quality education and fosters both interpersonal skills and personality development. Definitely, the knowledge and experience acquired paved my career-path so that today I'm a successful Branch Manager.

**Sushil Thapa**  
Branch Manager  
Prabhu Bank Ltd Dallu, Kathmandu

Joining Kist College was an amazing experience full of key learning for career building. It's tough to find the right college and to get the best academic inputs to move forward in life. Indeed, studying here was an unbeatable decision so that I'm most grateful to them.

**Raju Raya**  
Assistant Director  
Nepal Rastra Bank

Frankly, four years at KIST enriched my life enormously. Its scholastic family gave me the tools to enhance my life skills and taught me much about this diverse world and its people. Essentially, experiences shape us since who we are is because of these phenomenal, character-building memories.

**Subash Shrestha**  
Youth Entrepreneur, Ecocell Industry, Banepa  
Awarded by Forbes Magazine

Best in academics, KIST's a blessing making me what I am. State-of-the-craft infrastructure with wide, spacious classrooms empowers this centre-of-the-city institution, and an abundance of teaching methodologies alongside industrial exposure trains students superbly. Besides, splendid cultural festivals and out-of-the-class activities are what makes us proud KISTians!

**Pratistha Baral**  
Assistant Manager  
Rastriya Banijya Bank

Due to its specially-designed setting and well-planned curriculum, Kist's ideal for modern teaching and learning processes. Its management's always conscious about developing students' job skills and effectively counsels them about getting gainful employment. As this place is a matchless platform for achieving professional success, join KIST!

**Santosh Poudel**  
Executive Chairman  
Sani Securities Company Ltd, Jamal, Kathmandu

Undoubtedly, KIST's a perfect learning hub for students becoming knowledgeable and creative. Its virtual milieu and fantastic labs promote good learning, and its dynamic, friendly teachers change our educational lives! Pragmatic yet visionary, its managers ensure a satisfactory faculty-student ratio as they focus on inculcating managerial skills.

## Fairs & Exhibitions

We showcase our unique model – a fusion of the triad Science & Technology, IT, and Management – which is undoubtedly a powerful admixture for individual, institutional, social, and national development.

Students adopt an inter-disciplinary approach during these occasions to enhance discovery & innovation for urgent national needs. KIST FAIR 2018 on Saturday, 8 December 2018, at our spacious premises had Science, IT & Management Exhibition & Competitions, inter-college & intra-college.

### Event Highlights

- Inter-College Science & Technology Projects Competition
- Inter-School Art & Craft Competition
- Intra-College Science & Technology Projects Competition
- Intra-College IT Projects Competition
- Intra-College Management Projects Competition
- Intra-College Imagineering Competition
- KIST Counter-Strike Competition
- KIST FIFA Competition

# Education is Life – Life is Education

## ■ Educational Approach

Our approach largely nurtures a rigorous yet engaging curriculum, inquiry-based teaching processes, and an institutional culture that inculcates compassion & responsibility in students as they grow into good citizens & top professionals. Such a purpose-oriented, integrated set-up greatly helps its functioning as a premier scholastic institution dedicated to its students as they march towards rewarding careers & lives that matter.

We support the provision of high quality education of the latest international standards carefully linked to the delivery of the university or national core curricula and to provide progressive academic inputs in keeping with a changing world alongside traditional pedagogy. KIST offers a matchless learning environment focused on students' learning goals.

## ■ Societal Context

In a societal sense, our learning environment caters to the culture of the population it serves and of their location, and we take care to identify our audience. As far as this cultural context goes, we are a multicultural community of students and education-related personnel. Our students come from many different cultures, and even countries. This inclusiveness reflects our global spirit & humanistic commitment.

We see to it that no student feels uncomfortable or unwanted here with us and that each one of them is treated with dignity, appropriateness, and decorum. Ladies and gentlemen study together in a community of the best-behaved youngsters our country offers. This is what we do; this is what we are.

## ■ Learning Environment

Once you're at KIST you'd soon realize that its educational approach is exceptional. We provide a 21st century learning environment – learner-centred backed by modern digital technology that is largely internet-based. It's the foundation for holistic individual development.

Our learning culture takes into account how students would prefer to interact and how teachers ought to facilitate learning. Positive discipline & pastoral care in an atmosphere of decency enrich the academic milieu that encourages active learning.

## ■ Teaching-Learning

Our pedagogy & learning styles incorporate blended learning & progressive education. They guide the operational characteristics of the instructors who do their best for the optimization of individual academic performance & development of top-class professionals here itself. Alongside wide-ranging co-curricular and extracurricular activities, we offer many vital professionally-relevant and futuristic activities enhancing the professional or career prospects of the student community.

The educational and organizational culture of the College is evident in its way of thinking, behaving, or working. Our practices and values guide, and unite, our educators, students, faculty, staff, and community. We support an excellent independent learning institution with a departmental organizational model that attracts high-calibre teachers. We offer safe, secure, and comfortable facilities to reinforce learning.

## ■ Physical Setting & Learning Spaces

Our soundly constructed purpose-oriented buildings & learning spaces play a strong role in effectively impacting student learning. The adjacent spaces, or the outdoor environment, of the College are superb. We overlook the picturesque Kamal Pokhari and can enjoy its fresh, refreshing breeze. This aspect potentially improves health & well-being and fosters improvements in learning retention. Also, distant views of nature – the panorama of hills encircling Kathmandu – help relax eyes engaged in close work, such as on computer monitors. Though located downtown, KIST is undisturbed by the city hustle and bustle & heavy traffic.

Our well-organized infrastructure contains well-lit, ventilated, quiet classrooms and well-equipped laboratories that are reinforced by a well-stocked library that has also been digitalized and now performs quite a few functions of an e-library so necessary for virtual learning. There are sports courts and ample, uncluttered areas for students to utilize for academics, CCAs, and ECAs, and for the College to use for its varied, popular, regularly-held events. We do ensure that our learning spaces focus on developing 21st century skills & competencies to support the learning of core subjects.

*Education defines us – Education defines our future*

# Notable Alumni

## Spreading Positivity

KIST accepts the best and the brightest students from across the country. We have had some of the finest students who are doing very well after graduating. It's little wonder that KIST alumni are noticeably successful in almost every profession imaginable nearly everywhere, including science, medicine, or business. Often, they are upcoming leaders, keen innovators, and triumphant entrepreneurs in their fields. Some are serious researchers, well-regarded faculty members, and even creative artists! Though we are building up a comprehensive list of well over 10,000 of our +2 and other graduates, we would like to mention some of our notable alumni.

## Spotlight

## In Focus

We, as the KIST family, put our heart and soul into all such group or institutional activities at KIST. The main objective of popular events is to provide enjoyment – learning with fun – to students. Such exposure is the mainspring of a wide, generalized liberal education within which specialized focused professionalism is best embedded.

Youngsters here get together to show their talent and exchange their experiences. All opportunities are given to students to develop a sense of civilized socialization necessary for achieving the goal of progressive, global education along with building up a newer & richer Nepalese society.

## Memorable Valedictory

KIST College organized the Graduation and Farewell Programme for its graduates of +2 Science & Management, BBA, BIM, BIT, BBS, MBS, BSc & MSc Microbiology on Sunday, 9 February 2019 at the College premises. A delightful Cultural Programme regaled everyone!

A solemn yet warm valedictory, this programme offers keynote addresses by eminent academicians who highlight educational, career, and life prospects. The KIST Scholar Awards & Subject Topper Awards are given on this day to achievers.

## Orientation Programmes

In particular, these programmes held at the beginning of each academic session inform newly admitted students adequate information so as to fully utilize their time. Information about the rules & regulations and about the overall system makes students comfortable and familiar with the College environment. For us your welfare is uppermost!

Orientation Programmes inform students about why & how the subjects they have chosen are important in their educational life. They are also introduced en bloc to the faculty & staff. Different programmes are organized for +2 and graduate level students.

## Career Guidance Symposium

KIST College organized a Career Guidance Symposium on 11 January 2019 for Science stream and 14 January 2019 for Management stream students at its Conference Hall. Experts guide Grade XII students regarding career prospects.

## Talk Series: Learning, Motivation &amp; Careers

Importantly, a series of talks is held every year on Learning, Motivation & Careers for Grade XII (Science & Management) & Bachelor-level students (BBA, BIM, BIT, BSc & BBS) to inspire them.

Students enjoy listening to enlightened minds. In fact, such talks are a regular feature at KIST.

## Teachers' Day Celebration

Respecting the guru – the teacher – is an integral part of our scholastic culture.

To celebrate this sacred occasion, KIST usually organizes cultural programmes at the College.

## Publications

## Encouraging Scholarship

Our publications are intended to support and activate student learning apart from disseminating knowledge to the student body at the College and in Nepal.

Our publications reflect KIST's clear-cut academic profile. These include KIST Newsletters and our magazine Outlook. Learned articles by experts give our Newsletters a professional flavour.

Noticeably, KIST Research Review, a scientific journal for original research articles & review papers, is another remarkable work being done by our Publication Division.

So, do have a look yourself at what we publish!
