An Extra Edge

KIST provides a broad array of non-credit inputs for its students throughout the semesters. These non-credit inputs supplement the regular classes as they meet the diverse learning needs of students and improve their employability. Moreover, these additional inputs build technical competencies, problem solving abilities, and managerial skills.

What Our Graduates Say

Basanta Thapa
Senior Software Engineer
Scotiabank, Canada

From all angles, I'll always rejoice studying at KIST! I'm most proud to have gained essential knowledge and professional skills here.

Sushil Subedi
Assistant Director
Kathmandu Metropolitan City Office

KIST's a miraculous catalyst for reaching one's destination. Dexterous faculty members and facilitators explain the truths of a thriving professional life

Bom Khati
Freelancer
Upwork Global Inc.

BIM opens up vast opportunities! We learn from successful professionals who give us rich insights about this ever-developing field of technology.

Amir Rajak
Data Engineer
AIT, Thailand

Life's about connecting the right dots. KIST does it for you through its expert teachers, latest technical updates, and state-of-the-art infrastructure.

Saroj Dangol
Java Developer
AusNep IT Solution

Joining KIST College is a fantastic experience full of learning and happiness. The decision to choose KIST proves most worthwhile as it brings academic success. Thank you — KIST family — for your incredible support!

Balkrishna Pandey
Senior Specialist
Solution Architect, Red Hat

The excellent learning environment, talented and dynamic teachers, and well-equipped and sophisticated labs encourage swift learning. Moreover, student-friendly managerial strategies at this premier college change our lives. Great being in the KIST community!

Prashanna Jung Rana
Technical Manager
Fusemachines Nepal Pvt. Ltd.

Learning professional IT skills in a calm, studious, and motivating environment throughout BIM — KIST — is fabulous. Significantly, we engage in project work under experts. We also get to visualize the future of IT.
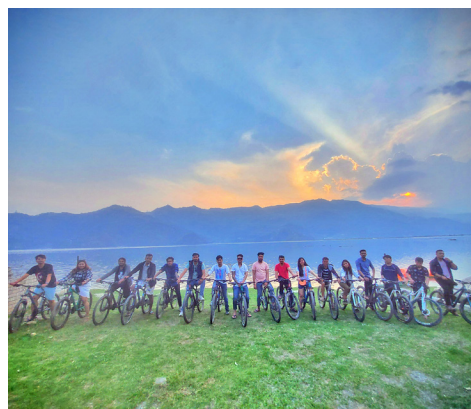

Sudip Bolakhe
Senior Software Engineer
Leapfrog Technology, Inc.

Studying at KIST College is wonderful. The atmosphere is highly supportive, the supervision effective, and the lectures plus workshops top-class. The College emphasizes thinking for yourself and discovering where your professional interests lie.

Bhojraj Bhatta
Senior Software Engineer
Extractor Interactive AB, USA

Students are groomed at KIST to achieve their career goals. Their interactive teaching methodology is unique focusing on theory, practice, experimentation, and blended learning. They ensure student progress, and encourage handling professional challenges.

WHY **BIM** ?

Global Recognition & Accreditation

Tribhuvan University's BIM program is globally recognized and internationally accepted.

Interdisciplinary Approach

Provides in-depth knowledge of Information Technology (IT) and Information Systems (IS) with a pragmatic application of management skills.

Updated Curriculum

The latest comprehensive curriculum builds a sound theoretical foundation with a perfect blend of the two strategic disciplines of IT and Management giving students an edge on competitors in the IT world.

Career Opportunities

Graduates readily find impressive jobs in IT and Management careers including database, software engineering, software development, networking, artificial intelligence, or cloud computing.

Professional Grounding

Our graduates acquire real-life skills relating to digital transformation and innovation for automating business functions in order to cope with ever-emerging technology.

Personal Empowerment

Empowers would-be entrepreneurs to handle enterprises independently, develop virtual companies and workgroups, and form alliances with a combined knowledge of IT, IS, and Management.

TU-affiliated Programmes at KIST

Bachelor of Business Administration **BBA**

Bachelor of Information Management **BIM**

Bachelor of Business Studies **BBS**

Bachelor of Science **BSc Microbiology**
